A VISIONARY BEGINNING

In 2011, three exceptional doctors united to create Samarth IVF, each bringing their unique specialties and unwavering commitment to the cause. Dr. Harshad Ladda, an IVF specialist, brought expertise in fertility treatments. Dr. Kirti Pathak, an expert embryologist, added invaluable insights into ART technologies. Dr. Arish Ladda, a visionary operations & management expert, contributed with his organizational skills. Together, they envisioned an IVF center with compassionate care, advanced medical technology, and a vision that would be the cornerstone of low-cost IVF treatment, with the promise of turning parenthood dreams into reality.

OUR FOUNDER

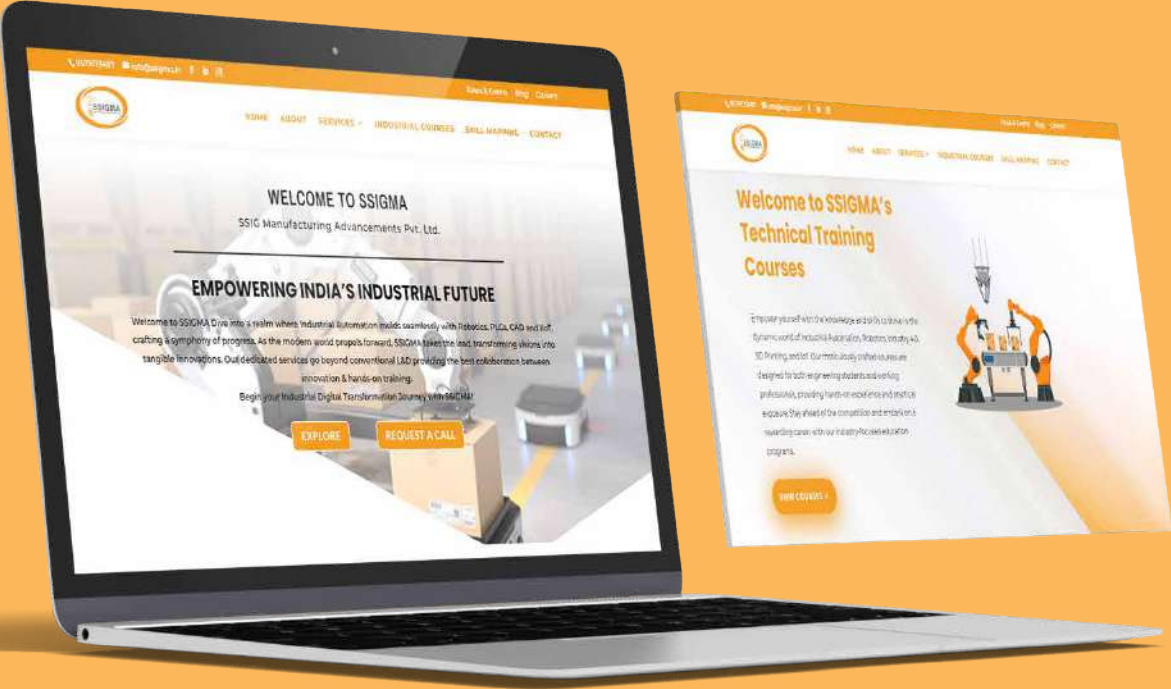

Mrs. Vaishali Mehta
I discovered my passion for Travel back in 1998, shortly after a friend of mine who ran a Travel Agency near the Victoria Station in London, UK, invited me to join her. She was passionate about the Travel & Hospitality industry and she inspired me to start my own Travel Agency. I started Lotus Vacations in 2005, and it has since become a leading name in the industry. I have worked with many of the world's leading travel agencies and I have been fortunate to have worked with some of the most talented people in the industry. I have also been involved in many community projects and I am proud to have been a part of the Lotus Vacations team for so long. I am currently the Founder & CEO of Lotus Vacations, and I am looking forward to continuing to grow the business and providing our customers with the best possible travel experiences.
